## PERSONNEL (13.1 - 13.46)

Include all positions funded in the library's budget whether those positions are filled or not. Report position figures as of the last day of the fiscal year. Include only paid employees. Do NOT include volunteers.

Report personnel in the appropriate categories based on the type of library work being performed rather than on an employee's educational qualifications.

The FTE (full-time equivalent/employee) calculator utilizes the IMLS/PLSC national standard for a full-time work week as 40 hours per week. Illinois libraries should report each staff member's hours per week based on the number of hours worked. If your library considers 35-39+ hours per week as a full-time work week, then report using those figures. DO NOT inflate the hours your library considers as a full-time work week in order to force the resulting calculation to equal 1 FTE. For national comparison purposes, your library must report the total hours per week based on your local standard. For example, for an Illinois library that considers 37.5 hours per week as a full-time work week, the FTE calculation reported nationally will be .9375 or .94 rather than 1.00.

## PROGRAMS, ACTIVITIES & ATTENDANCE (15.1 - 15.38)

### SYNCHRONOUS PROGRAMS

A synchronous program is any planned event which introduces the group attending to any of the broad range of library services or activities or which directly provides information to participants.

Programs may cover use of the library, library services, or library tours. Programs may also provide cultural, recreational, or educational information, often designed to meet a specific social need. Examples of these types of programs include film showings, lectures, story hours, literacy, English as a second language, citizenship classes, and book discussions.

Count all programs, whether held on- or off-site that are sponsored or co-sponsored by the library. Exclude programs sponsored by other groups that use library facilities.

**Note:** For more information, please refer to the Counting Opinions login screen for links to helpful worksheets and guides.

### SELF-DIRECTED ACTIVITIES

A self-directed (asynchronous or passive) activity is any planned event for which the patron can participate on their own (instead of at a designated time with a group). Registration is not required. A staff member may monitor the activity but may or may not directly interact with the participants. Examples of these types of events include drop-in craft sessions, take and make kits, library scavenger hunts (when not done as part of a group), etc. For guidance on Virtual Asynchronous (self-directed) activities and views, please refer to 15.37 Total Number of Asynchronous (Virtual) Program Presentations, and 15.38 Total Views of Asynchronous (Virtual) Program Presentations.

## **PATRON SERVICES (19.1-19.2)**

This section gathers information on services the library provides to its patrons. Please fill in the information requested.

### **Reference Transactions**

Reference Transactions are information consultations in which library staff recommend, interpret, evaluate, and/or use information resources to help others to meet information needs.

#### **NOTES:**

- (1) A reference transaction includes information and referral service, scheduled and unscheduled individual instruction and assistance in using information sources (including websites and computer-assisted instruction).
  - (2) Count Readers Advisory questions as reference transactions.
  - (3) Information sources include (a) printed and nonprinted material; (b) machine-readable databases (including computer-assisted instruction); (c) the library's own catalogs and other holdings records; (d) other libraries and institutions through communication or referral; and (e) persons both inside and outside the library.
  - (4) When a staff member uses information gained from previous use of information sources to answer a question, the transaction is reported as a reference transaction even if the source is not consulted again.
  - (5) If a contact includes both reference and directional services, it should be reported as one reference transaction.
  - (6) Duration should not be an element in determining whether a transaction is a reference transaction.
  - (7) Do not include transactions that include only a directional service, such as instruction for locating staff, library users, or physical features within the library. Examples of directional transactions include, "Where is Susan Smith? Can you help me make a photocopy?"
- If an annual count of reference transactions is unavailable, count reference transactions during a typical week or weeks, and multiply the count to represent an annual estimate
- A "typical week" is a time that is neither unusually busy nor unusually slow. Avoid holiday times, vacation periods for key staff, or days when unusual events are taking place in the community or in the library. Choose a week in which the library is open its regular hours.

Follow these steps for IPLAR submission:

1. Select the "Verify" button located at the top of the screen.

3. Select the "Submit/Lock" button at the top of the page.

**NOTE: All required questions must be answered and all edit checks must contain narrative notes in order for the survey to electronically submit, otherwise you will be taken to a review screen listing the questions that require additional information.
